

## Activity Week 2022

27<sup>th</sup> June – 1<sup>st</sup> July 2022

# ACTIVITY WEEK

**27<sup>th</sup> June – 1<sup>st</sup> July 2022**

Welcome to this year's Activity Week.

## **What is Activity Week?**

The simple answer is that it is a time when both students and staff can share experiences that are not usually available during the rest of the academic year. Even a cursory glance at the course titles on the contents page will give you an idea of the great range of experiences available.

The normal school timetable and curriculum will be suspended for the week.

Activity Week was endorsed at our last full Ofsted inspection when the team felt that it enhanced the students' education.

Different courses are offered to specific year groups. The booklet indicates who may apply for advertised courses.

All students are expected to participate in, and benefit from, the week.

There are courses that represent some particular strength, hobby or interest that staff wish to share with others. Some courses are based in school, others are day trips and some are residential.

Some courses are expensive, some less so, while others are completely free of charge.

New skills can be learned, new friends made, new challenges met and overcome.

## **THE AIMS AND OBJECTIVES OF ACTIVITY WEEK**

All courses arranged for the week include elements that can be identified in the various National Curriculum documents and the week is specifically designed to enrich the school curriculum and provide opportunities to:

- learn a variety of new skills
- develop self-confidence and self-reliance
- develop a sense of responsibility
- work co-operatively
- provide experiences outside the scope of the normal curriculum
- promote the achievement of short-term goals
- reinforce the development of the social and personal skills in new situations
- encourage self-assessment

Through the residential experience, there are a number of additional aims and objectives:

- to encourage corporate spirit
- to develop self-confidence, self-reliance, maturity, awareness and a sense of responsibility
- to promote and improve personal physical ability

### **Special note regarding charging for activities within the academic year:**

The 1988 Education Act has implications regarding charging for school courses such as those outlined in this booklet:

There is no legal obligation for you to contribute and indeed no child at Lutterworth High School will be treated differently according to whether or not his/her parents have made a contribution. It must be made clear at the outset, however, that courses on offer may not go ahead as planned if there is insufficient financial support.

Please take special note that:

Whilst every effort will be made to give students their first choice it is inevitable that some will have to be placed on one of their other preferences. Students should not choose any course that they would not be happy to participate in.

Courses are allocated to ensure that as many students as possible get their first choice.

Once allocated a place on a course it will not be possible for a student to switch to another course unless there are exceptional circumstances.

Students who are allocated a place on a paid course will be required to pay a non-refundable deposit very soon after allocation. £50.00 for school-based courses, £100.00 for residential visits. All payments for all courses will be handled using parentpay via the website.

The balance of all course costs must be paid by deadline dates. Failure to meet deadlines for payment, unless special arrangements have been agreed between parents and school, may result in your child forfeiting their place.

Allocating courses can be complicated and whilst we make every effort to give students their preferred option it is inevitable that some will be disappointed. We are happy to place these students on a waiting list for their preferred option.

Some residential courses require a high level of physical fitness. Students who have opted out of PE and swimming sessions at school on a long-term basis for reasons other than serious medical conditions or long-term injuries are unlikely to be allocated a place on sports-related trips.

Thank you for taking the time to read this information.

**What you need to do:**

Carefully read the information with your Parents/Carers. Complete and return your application to your tutor on **Monday 21<sup>st</sup> February 2022.**

**Ready to select your course?** This is what you do:

**Step 1** Read the booklet carefully with your parents or carers. Remember that we will spread the payments across the year.

**Step 2** Complete the application form giving us three choices.

**Step 3** Check that all the information required is on the application and bring into school to hand in after half term.

**DO NOT SEND A DEPOSIT WITH YOUR APPLICATION**

**You need to know:**

Students who do not return the form by the deadline will usually have their choices looked at *after* the others have been processed.

No course - residential or school-based - is allocated on a first come, first served basis.

**Please ensure the form is handed in on time:**

Your child should submit their option form to tutors on **Monday 21<sup>st</sup> February 2022.**

## **ACTIVITY WEEK INFORMATION**

### **Online Payments**

Please use the 'Online Payments' service, which can be accessed via [www.scopay.com](http://www.scopay.com) If you require an 'online link code' please e-mail [finance@lutterworthhigh.co.uk](mailto:finance@lutterworthhigh.co.uk) All payments taken are via credit or debit card. Please do not make any payments until you receive the specific trip letter with further details of cost.

### **Consent Forms**

When completing your child's consent form please complete and sign both pages and ensure all contact information is correct. These will be issued when students are offered a course.

All enquiries: [activityweek@lutterworthhigh.co.uk](mailto:activityweek@lutterworthhigh.co.uk)

### **Activity Week – Application for Financial Assistance**

There are a number of ways in which the school is able to support families requiring financial assistance. Should you wish to request support please contact Mrs Howells ([finance@lutterworthhigh.co.uk](mailto:finance@lutterworthhigh.co.uk))
