

LUTTERWORTH
HIGH SCHOOL

Welcome

Lutterworth High School places student learning at the heart of everything we do. We ensure our students are excited and engaged by their learning and that all students, irrespective of ability, achieve excellent educational outcomes.

Our teachers are passionate and committed to delivering the very best standard of teaching and are prepared to give extra, to ensure our students have a rich and varied educational experience, including exceptional enrichment opportunities.

We will nurture your child's talents and we are proud of our very high standards of academic, artistic and athletic excellence.

Our students are happy, safe and thrive in the dynamic and caring learning environment we have created.

We look forward to welcoming you and your child to our school community so your child can flourish and develop a lifelong love of learning. Everything we do is underpinned by our statement:

“Where learning comes first”

Julian Kirby
Headteacher

Our values

Our aim is to create a caring environment where students can develop to become articulate and confident young people, prepared for the next stage of their education and able to participate and contribute to society.

We know that to learn, students need to feel safe and happy. Both the size of our school and the support offered enables our students to develop their passions and interests and grasp every learning opportunity.

"One thing I like about school
is the welcoming atmosphere."
Lewis, Year 10

A lifelong love of learning

We want to ignite a desire to learn that will last a lifetime. As a result students will achieve academic success and leave school as fully-rounded individuals, ready to take the next step in their education.

Through a broad curriculum, educational visits and enrichment, students will develop a deep understanding, resilience and the independent learning skills they

will need for life beyond school. Our teachers strive to deliver fascinating lessons that challenge, stimulate and develop a sense of awe and wonder.

Our Higher Attaining students complete a programme to extend and enrich the curriculum and develop their knowledge, skills and aspirations.

Sport

We pride ourselves on the opportunities available to our students. We offer a wide variety of sports including rugby, netball, hockey, football, basketball, tennis, cross-country and swimming.

We have an extensive fixture list against leading state and independent schools and a comprehensive co-curricular programme. Many students participate in sport at county, regional and national level.

"I really love exercise and love how much sport we do at school." Ronnie, Year 7

A sense of tradition

Our Houses of Churchill, Cunningham, Montgomery and Tedder were named in 1946. Since then students have enjoyed the opportunity to participate in a wide range of House activities, especially sporting events. Students love our annual inter-house swimming gala, sports day and cross-country run.

"The best choice I made was Lutterworth High School for my two boys.
Love the school and opportunities provided." Parent

A good show

We offer plentiful opportunities for students to display their artistic talents in dance, drama and music. Our annual show represents a highlight of the year for parents, staff, students and the wider community.

A high number of our students play musical instruments thus providing the opportunity to engage with a range of ensembles and our orchestra. Our choir performs in a range of local and national events and students receive tuition in contemporary and classical music.

The Emerald Way

Our co-curricular offer has something for everyone. It is based around The Emerald Way and the 4 C's of creativity, culture, charity and competition. There are extensive clubs available and an exceptional range of visits, including our Activity Week in the summer term. The Duke of Edinburgh's Award is taken by a large number of students at bronze and silver level.

"One of the great things about the school is the whole range of activities that are offered to the students outside of the normal academic subjects." Parent

Dynamic and modern

This is how students describe our learning environment. We take a great pride in the look and feel of our school. Students learn in well-presented and modern classrooms. Our specialist classrooms are state of the art and include the latest equipment. Students have access to industry standard Information Technology, including two suites and The Learning Hub.

We are located in a rural setting and benefit from extensive areas for students to work and relax, including The Terrace.

"The Key Stage Hubs
are very supportive and
good at helping me if I
have a problem."
Paige, Year 9

We care

We know that if students are to learn they need to be happy and safe. The small size of our school creates an inclusive environment where everybody knows one another. We offer excellent support and a nurturing environment for students with special educational needs.

Student well-being is paramount. Our Key Stage Hubs offer all aspects of pastoral support and we have a full-time counsellor.

We know how important it is for students and parents to have an effective transition. Our summer school is incredibly popular as we offer a range of events for students to get to know the school and each other.
