Dear Parents/ Carers

Welcome to our weekly newsletter. Firstly, I'd like to say what an amazing weekend we had in Bruges last weekend with our Year 7s. Bruges has an amazing Christmas market and the students thoroughly enjoyed shopping and eating waffles and chocolate. We also visited the Menin Gate, Tyne Cot and Langemark cemeteries as well as a walk through the trenches at Hill 62. The students gained so much from this experience and it was noted by other schools how well they conducted themselves throughout the trip. We arrived back on Sunday evening with some very happy but tired students and staff.

Our Year 11 students have now completed their mock examinations. It is clear how hard the students have worked towards their mocks. The mock results are released on Wednesday 24th January with a follow up Parents Evening on Thursday 25th January.

We are really looking forward to our annual show 'Bugsy Malone.' This is always a great event and the students have worked so hard throughout the Autumn term to be ready. We have some tickets remaining and we are happy for groups of friends to watch the performances, provided they have transport home.

I'd like to thank all of our parents who supported our wreath making evening, which was a great success. This week tutor group 9LA are raising money for Cancer Research and some very brave teachers were sponged at lunchtime!

Have a nice weekend.

Yours faithfully

Julian Kirby  
Headteacher

## Year 7 French Spelling Bee

Congratulations to Ariana, Antonio, Emily, Alfie and Nathan who have made it through to the next round of the French Spelling Bee. Their spelling is impressive and it is a real pleasure to not only see them do so well but also to see how supportive and encouraging they are of each other. Well done.

## Top of the Bench

Students took part in the Top of the Bench Chemistry quiz last month, and the results are in! 4 of our lovely students made it to the regional finals. Huge congratulations to Violet, Will, Milena and Marcus. The scores of all teams from LHS were phenomenal, so every student who got involved should be proud of themselves.

## Boy Underground by Isabelle Marinov

Boy Underground is a powerful adventure story of Hugo, an autistic boy who decides to go all the way into the Paris underground to find a place where he belongs.

For Hugo, the world can be too loud and bright. He likes the quiet. He likes the dark. And he loves maps.

When Hugo learns that there's a whole other world under Paris, a network of tunnels, quarries and catacombs mapped beneath his feet, he sets off on an adventure.

Perfect if you enjoyed reading 'Smart' by Kim Slater.

Navigating secret passages, narrowly escaping robbers and returning to old friends, Hugo discovers more than just buried treasure ...

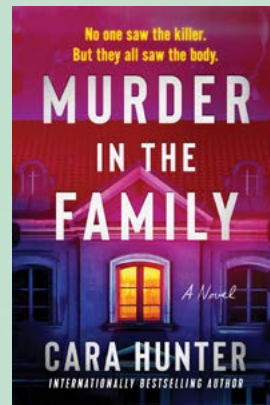

## Reading Role Models

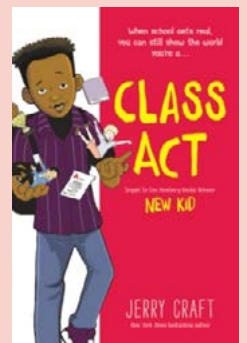

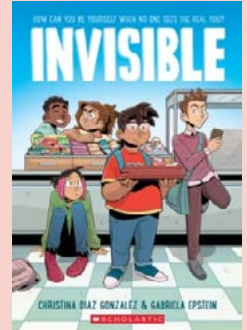

Miss Chapman (Librarian): I just finished one of the books in our Diverse Fantasy collection, 'The Balloon Thief' by Aneesa Marufu. This story follows teenager Khadija on an adventure that leads her into a dangerous conflict between humans and Djinn. Khadija has to overcome her own fears and prejudices to fight side-by-side with the 'Hari', a community shunned by society. The story also follows Jacob, a Hari boy trying to decipher between right and wrong.

Mrs Sercombe (Learning Support): I've just finished reading 'Murder in the Family' by Cara Hunter. This book follows a TV programme called Infamous that puts together a panel of six experts to try and solve a 20-year-old unsolved murder case. The story is told through the scripts, text messages and email sent by the experts and witnesses. The brilliant thing about this book is that you solve the case along with the experts. Before you ask, yes, I did work out who the murderer was!

## New graphic novels!

## Library Advent

Every day from Monday 11th - Thursday 21st December one lucky reader will win an advent prize!

Borrow a book anytime in December to have your name entered into the draw.

The winning names will be displayed on the Library Advent calendar each day.

# Winter Wonderland

## Poetry competition

Whatever your thoughts about wintertime, write a poem in any style and let us know!

If budding poets are looking for inspiration here are some ideas:

- ❄ Capture the serene and peaceful atmosphere of a snowy night
- ❄ Write about nature during this frosty time
- ❄ Create a poem about winter wildlife
- ❄ Explore winter sports like ice skating, sledding, or skiing in your poem

Poems can be handwritten or typed, and there is no line or word limit - let creativity and expression flow! Once ready, submit to Miss Chapman in the Learning Hub.

3 poets will receive a big chocolate bar and their poems will be printed in the newsletter. All submissions will be sent to Young Writers in February for the chance to win a £25 book voucher. Sign up on SOC's to take part.

Sofia Papierz in 8HS did this fantastic piece of homework about a scientist with a disability during disability awareness month.

**Dorothy Hodgkins**

Hodgkin was born in Cairo, Egypt to English parents, John and Grace Crowfoot. Although her formal schooling took place in England, she spent a significant part of her youth in the middle east and north Africa, where her father was a school inspector.

Hodgkin had developed chronic rheumatoid arthritis, following an infection she contracted after the birth of her first child. This affected her for the rest of her life, leaving her hands swollen. This did not stop her from becoming one of the most skilled crystallographers of her time.

Dorothy was awarded the 1964 Nobel Prize in Chemistry for solving the atomic structure of molecules such as penicillin and insulin, using X-ray crystallography.

# DT CHRISTMAS TREES

Year 7 students had a collapsed timetable last Friday and made mini Christmas trees in DT. They had two pieces of pine which they had to measure and cut to size, drill a center hole and then assemble the pieces to make it look like a Christmas tree. The students then added beads for decoration. These look fantastic!

## Do you still wish to get your child vaccinated against flu?

We are able to offer the nasal flu vaccine and the injectable flu vaccine through our community pharmacy partners and our community clinics. Submit a consent form to receive details for next steps.

- Visit: [www.leicsandrutlandimms.co.uk](http://www.leicsandrutlandimms.co.uk)
- Select Seasonal Flu.
- You will need to enter a school code.
- For Lutterworth High School the code is LE137115

The form will be reviewed, and further information will be sent to you.

If you already completed a consent form and your child missed the vaccination on the day, you may have already received an alternative offer. Please make sure to check your Junk emails.

### About the vaccines

The nasal flu vaccine offers best protection against flu. It is given as a spray squirted up each nostril. It's quick and painless.

For some children the nasal spray is not suitable for medical reasons. The nasal vaccine contains traces of a highly processed form of porcine gelatine.

The injection is given into the muscle in the upper arm, which may cause soreness. This vaccine is offered as an alternative if the nasal spray is not suitable due to medical reasons. This vaccine does not contain porcine gelatine.

To find out more about the flu vaccine please, visit: [tiny.cc/flu vaccinationsecondary](http://tiny.cc/flu vaccinationsecondary)

In the meantime, remember...

# Vaping

## NEWSLETTER

DECEMBER 2023

### WHAT IS VAPING?

Vaping is inhaling vapour from an e-cigarette or 'vape'. Most vapes contain nicotine which makes them highly addictive. Vapes come in a variety of colours and flavours making them popular with young people. It is illegal to sell vaping products to anyone under the age of 18, however, more young people are vaping and the figure has risen by 50% in the past year. Experimental vaping among 11 to 17-year-olds in Britain increased from 7.7% to 11.6%. **Source Sky News**

### Did you know?

Advertising Standards Authority has ruled that e-cigarettes and vaping products shouldn't be promoted on public Instagram, Facebook and TikTok accounts. This includes influencer marketing.

### WHY IS MY CHILD VAPING?

There are many reasons young people may try vaping.

- To fit in, young people can feel pressured to do what their friends are doing.
- To relieve stress or anxiety, many young people feel vaping has a calming effect.
- Young people can be drawn to vaping because of the bright colours and sweet smelling flavours.
- Curiosity, they've seen others vaping and want to experience it.

Drug Sense UK have put together a fantastic vaping Q&A, find out more **here!**

THE HEALTH FOR TEENS WEBSITE HAS MORE INFORMATION ON VAPING. CHECK IT OUT HERE!

# WHAT ARE THE RISKS OF VAPING?

The government have identified 3 key issues we are facing with young people and vaping.

- **Addictive products;** Research has shown that most e-cigarettes contain traces of nicotine, which is highly addictive and can harm brain development.
- **Health implications;** The short-term side effects of vaping include throat and mouth irritation, headache, cough and feeling nauseous. The long-term effects of vaping are still unknown.
- **Risks and dangers from 'counterfeit vapes';** The metal coil that is used to heat up the oil in the chamber is produced from a very cheap metal, which can heat up too quickly causing the vape to either explode or split and spurt out hot oil which can lead to facial injuries.
